INVITATION FOR BID

Supplies and Services

Sealed bids for **TRAFFIC SIGNAL MAINTENANCE (22S-411-0054)** will be received by Department of Public Works, Town Hall Annex, 25 Center Street, Burlington, Massachusetts, 01803 until **June 14, 2022 at 10:00 AM** and will be publicly opened and read aloud at such time.

- Electronic specifications and bid forms are available on the DPW website site for free at: <http://www.burlington.org> under the DPW Department page.
- Specifications and bid forms may be obtained at the Department of Public Works, Town Hall Annex, 25 Center Street, Burlington, Massachusetts, 01803 on and after May 30, 2022 between 8:30 AM and 4:00 PM for a fifty (\$50.00) dollar non-refundable reproduction cost.
- This project is bid according to MGL 30B.
- A bid bond of five (5) percent is required.
- A payment bond of 100% is required.
- Town's Designated Representative and point of contact for questions is: Brian White, bwhite@burlington.org, 781-505-1116.
- Prevailing wage shall be paid per MGL 149 SECT. 26-27D.

PROJECT DESCRIPTION

The work generally consists of furnishing all labor, equipment and materials for the on-call maintenance and construction of traffic signals & traffic signal control devices, 24 hours per day/7 days per week/365 days per year, including but not limited to traffic signals, flashing beacons, school zone flashers and other traffic control devices currently owned and operated by the Town of Burlington and as listed herein, including such devices to be installed by others under separate contract(s) installed during the term of the contract. Any new installations requested by the Town and performed by the Contractor under this contract, such as changes to present installations, modifications or revisions shall be paid for at the applicable contract rates upon submission of an itemized invoice pursuant to approved Town procedures. Current locations of town-owned traffic signals can be found in Appendix B.

INSTRUCTIONS TO BIDDERS

Receipt and Opening of Bids

The Town of Burlington, Massachusetts, herein called the Owner, acting by and through its Department of Public Works, will receive sealed bids as specified in the invitation for Bids at which time bids will be publicly opened and read.

Any bid may be withdrawn prior to the above scheduled time for the opening of bids or authorized postponement thereof. Any bid received after the time and date specified will not be considered. The bidder agrees that this bid shall be good and may not be withdrawn for a period of thirty (30) days, Saturdays, Sundays, and legal holidays excluded, after opening the bids.

Location and Work to be Done

The Location of the Work to be done is described in the project description.

The Contractor shall furnish all labor, services, materials, equipment, plant, machinery, apparatus, appliances, tools, supplies, and all other things necessary to do all work required for the completion of each item of the Work and as herein specified.

The Work to be done and paid for under any item shall not be limited to the exact extent mentioned or described but shall include all incidental work necessary or customarily done for the completion of that item.

Preparation of Bid

Each bid must be submitted on the prescribed form. All blank spaces for bid prices must be filled in, in ink or typewritten, in both words and figures.

Each bid must be submitted in a sealed envelope bearing on the outside **the name of the bidder, his address, and endorsed with the name of the project as specified in Receipt and Opening of Bids.**

If forwarded by mail, **the sealed envelope containing the bid must be enclosed in another envelope addressed as specified in Receipt and Opening of Bids.**

The following sections need to be filled out and completed as part of the bid package;

- Form of General Bid
- Acknowledgement of Addenda, if any
- Bid Form
- Total Bid Price
- Contractor Reference
- Contractor Certification

Bid Opening Procedure

The following list of requirements shall apply to each filed bid. Bids not meeting all the requirements for timeliness and security will be rejected without opening; bids not

meeting signature and addenda requirements will be rejected prior to checking of bid amounts.

Bids shall be filed at the place and before the time specified in Receipt and Opening of Bids.

Properly executed bid security shall be placed in a sealed envelope and shall be attached to the outside of the envelope containing the bid.

Bid signatures will be checked.

The total dollar amount of each bid will be read, and the three apparent lowest bids will be selected for further consideration. These three apparent low bids will be read aloud for the benefit of the other bidders and the bid opening procedure will be closed. All those present at the bid opening may arrange a time to examine all bids after the bid opening and after the reading of the three apparent low bids.

Ability and Experience of Bidder

No award will be made to any bidder who cannot satisfy the Owner that he has sufficient ability and experience in this class of work and sufficient capital and plant to enable him to complete the work successfully within the time named. The Owner's decision or judgment on these matters will be final, conclusive, and binding.

Bidder shall have a minimum of five (5) years' experience and have completed satisfactorily five (5) jobs within that time of similar size and scope.

All Subcontractors shall have a minimum of five (5) years' experience and have completed satisfactorily five (5) jobs within that time of similar size and scope.

The Contractor must submit with his bid proposal a list of five (5) jobs which he has successfully completed, giving the name and the address of these projects so they can be investigated prior to the award of the contract.

The Owner may make such investigations as he deems necessary, and the bidder shall furnish to the Owner, under oath if so required, all such information and data for this purpose as the Owner may request.

Condition of Work

Each bidder must familiarize himself fully with the conditions relating to the construction of the project and the employment of labor thereon. Failure to do so will not relieve a successful bidder of his obligation to furnish all material and labor necessary to carry out the provisions of his Contract. Insofar as possible the Contractor, in carrying out his work, must employ such methods or means as will not cause any interruption of or interference with the work of any other Contractor.

Addenda and Interpretations

No interpretation of the bid documents will be made orally. Every request for such interpretation should be in writing addressed to the **Town's Designated Representative** listed in INSTRUCTION TO BIDDERS and to be given consideration must be received at least seven (7) days prior to the date fixed for the opening of bids. Any and all such interpretations and any supplemental instructions will be in the form of written addenda to the Contract Documents. Failure of any bidder to receive any such addendum or interpretation shall not relieve such bidder from any obligation under this bid as submitted. All addenda so issued shall become part of the Contract Documents.

Laws and Regulations

The bidder's attention is directed to the fact that all applicable State laws, municipal ordinances, and the rules and regulation of all authorities having jurisdiction over construction of the project shall apply to the Contract throughout, and they will be deemed to be included in the Contract the same as though herein written out in full.

Bid Security

Each bid must be accompanied by a BID BOND, CASH, or CERTIFIED CHECK, payable to the Town, in the amount stated in INVITATION TO BID. Such checks will be returned to all except the three (3) lowest responsible and eligible bidders within five (5) days, Saturday, Sundays, and legal holidays excluded, after the opening of bids, and the remaining checks will be returned promptly after the Owner and the accepted bidder have executed the Contract, or if no notice of intent to award has been presented to the selected contractor within thirty (30) days, Saturdays, Sundays and holidays excluded, after the date of the opening of bids, upon demand of the bidder at any time thereafter.

The said amount is fixed and agreed upon by and between the Contractor and the Owner because of the impracticability and extreme difficulty of fixing and ascertaining the actual damages the Owner would in such event sustain, and said amount is agreed to be the amount of damages which the Owner would sustain and said amount shall be retained from time to time by the Owner from current periodical estimates.

Right to Reject Bid

The Owner reserves the right to waive any informality or reject any and all bids and alternate bids, should the Owner deem it to be in the public interest to do so.

The Owner also reserves the right to reject the bid of any bidder that the Owner considers to be unqualified based on the criteria set forth in Article 5 herein.

Time for Completion

The bidder must agree to commence work and to fully complete the project within the time limit stated in SPECIAL CONDITIONS.

Comparison of Bids

In the event that there is a discrepancy in FORM OF GENERAL BID between the lump sum or unit prices written in words and figures, the prices written in words will govern.

Rule for Award of Contract

The Contract will be awarded to “the lowest responsible and responsive bidder” for the Total Price Bid pursuant to General Laws Chapter 30B as amended. Such a bidder shall possess the skill ability and integrity necessary for the faithful performance of the work, shall be able to furnish labor that can work in harmony with all other elements of labor employed, or to be employed, in the work, and shall otherwise comply with all applicable provisions of law. Bidder shall execute formal agreement within ten (10) days of the Notice of Award.

Statutes Regulating Competitive Bidding

Any bid that does not comply with the provisions of Massachusetts General Laws Chapter 30B as amended, need not be accepted and the Owner may reject every such bid.

Wage Rates

Prevailing Wage Rates as determined by the Commissioner of Department of Labor and Industries under the provision of the Massachusetts General Laws, Chapter 149, Section 26 to 27G, as amended, apply to this project. It is the responsibility of the contractor, before bid opening to request if necessary, any additional information on Prevailing Wage Rates for those trades people who may be employed for the proposed work under this contract.

State schedules of Prevailing Wage Rates are included in the contract documents.

Specifications

All specifications and bid items are based on current/amended Massachusetts Highway Departments “Standard Specifications for Highway & Bridges” publications, “Manual on Uniform Traffic Control Devices for Streets and Highways (MUTCD)” publications, Institute of Transportation Engineers publications, and International Municipal Signal Association publications. All work must comply with these specifications unless otherwise stated herein.

Bid Items Not Guaranteed

The successful bidder is not guaranteed all items or the total bid price under this contract. Bidders must understand that like items will be bid under other contracts specifically packaged as one complete project. The successful bidder has no right to similar items bid under other projects. The Town Engineer will specify where and when this contract will be applied to undertake a particular improvement.

Tie Bids

In the event of tied bids, wherein two or more responsive and responsible vendors provide the same bid price a coin toss will be used to break the tie.

Unforeseen Office Closure

If, at the time of the scheduled bid opening, Town Offices are closed due to uncontrolled events, the bid opening will be postponed until the next normal business day at the original time specified in the documents. Bids will be accepted until that date and time.

FORM OF GENERAL BID

Bid of _____ (hereinafter called “Bidder”)*

(____) a corporation, organized and existing under the laws of the state of _____.

(____) a partnership

(____) a joint venture

(____) an individual doing business as _____

To the Town of Burlington, Massachusetts (hereinafter called “Owner”).

Gentlemen:

The bidder, in compliance with your invitation for bids, having examined the Contract Documents and being familiar with all of the conditions surrounding the construction of the proposed project including the availability of materials and labor, hereby propose to furnish all labor, materials, and supplies, and to construct the project in accordance with the Contract Documents within the time set forth in the agreement, and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents, or which this proposal is a part.

*Insert corporation, partnership or individual as applicable.

CONTRACTOR CERTIFICATION

NON-COLLUSION

I certify under penalties of perjury that this bid or proposal has been made and submitted under good faith and without collusion or fraud with any other person. As used in this certification, the word "person" shall mean any natural person, business, partnership, corporation, union, committee, club, or other organization, entity, or group of individuals.

TAX COMPLIANCE

Pursuant to Massachusetts General Law Chapter 62C, Section 49A, I certify under the penalties of perjury that, to the best of my knowledge and belief, I am in compliance with all laws of the Commonwealth relating to taxes, reporting of employees and contractors, and withholding and remitting child support.

LABOR HARMONY / OSHA 10-HOUR

I will furnish labor that can work in harmony with all other elements of labor employed or to be employed in the work, and all employees to be employed in the work subject to this bid have successfully completed a course in construction safety and health approved by the United States Occupational Safety and Health administration that is at least 10 hours in duration.

SPECIAL CONDITIONS

1. The Town of Burlington, acting through its Board of Selectmen, an awarding authority, reserves the right to accept or reject any and/or all bids or portions thereof, and to waive any informalities in bidding, and/or to make the award as appears in the best interest of the Town of Burlington.
2. Basis for award of this Contract will be made to the lowest responsive, responsible bidder, based on the Year 1 bid price. The Awarding Authority may extend the Contract for up to two additional years at the contract prices submitted for Years 2 & 3 respectively.
3. Payment will be made monthly, unless otherwise specified. Certified payrolls must be submitted with each invoice.
4. Normal Hours of work: Work hours shall be between the hours of 7:00 AM and 3:30 PM Monday through Friday, unless otherwise specified. The successful Contractor shall not work on Saturdays, Sundays, Holidays or other hours, without express authority from the Director of Public Works.
5. Unless otherwise specified, the cost of the Police Detail Officer(s) will be paid for by the Town of Burlington. Contractor is responsible for coordinating and scheduling all police details. If scheduled police details are not canceled by the Contractor in accordance with Burlington Police Department policy, the Contractor will be responsible for any costs incurred.
6. This Contract includes estimated quantities and are not guaranteed. Additionally, quantities are used for comparison of bids and establishing the Bid Deposit.
7. This Contract may be terminated, with fifteen (15) days' notice, for unsatisfactory performance and/or availability of funds. The contractor will hold the Town harmless from all damages as a result of funding restraints.
8. The Contractor shall designate in writing an emergency telephone where he may be contacted for on-call service. The Contractor shall be on-call twenty-four (24) hours per day, seven (7) days per week including holidays for the purpose of making repairs. When a system or installation is not in operation, malfunctioning or not illuminated due to equipment failure or external damage, an authorized person will notify the Contractor of such failure. The Contractor shall respond to correct the failure within **two (2) hours from the time the failure was reported**. When an emergency or dangerous situation exists, the Contractor shall immediately dispatch qualified personnel to eliminate such condition. The Contractor shall have an office/vehicle garage within twenty-five (25) miles of the Town. The Contractor shall also have, at any time work is being performed in the Town, a suitable means for the Town's representative to reach the individual(s) performing the work for discussion of the performance of such work.

9. The allowable billing are:
 - a. No mileage charges payable under this Contract.
 - b. No travel time charges payable under this Contract.
 - c. No payments will be made for vehicles/equipment/tools necessary for standard traffic signal repair and maintenance. Additionally, payments for vehicles/equipment/tools will only be made if those items are rented. The Contractor shall submit invoices documenting the exact costs, tax exempt, incurred and will be allowed to apply the cost markup percent listed in Item 2 on the BID FORM.
 - d. The allowable billing hours will commence upon arrival at the job site.
 - e. Parts & materials costs shall be charged to the Town based on exact, tax-exempt cost plus the mark-up percent stated in the Bid Form. This will apply to specialty sub-contractors or consultants outside of the industry standard expected services provided by a traffic signal maintenance contractor. Purchase receipts must be provided with the associated invoice for backup. The Owner reserves the right to make partial or no payment if receipts are not provided for parts or services.
10. The Contractor shall make accommodations and coordinate with other contractors in Town that may be installing or upgrading town-owned traffic signals. This shall be considered incidental to this Contract.
11. The successful bidder must provide proof of all licenses, where applicable, and have the following criteria:
 - a. This traffic service contract will be awarded only to a Contractor who is presently and primarily engaged in the business of maintaining, servicing, and installing traffic control signals/devices, and as part of such business, is presently providing emergency call servicing of traffic signals/devices on a regular basis with twenty-four (24) hour per day, three-hundred and sixty-five (365) day per year service.
 - b. Bidder must have five (5) or more years of experience and have satisfactorily completed five (5) jobs within that time of similar size and scope.
 - c. Bidder must have at least two (2) full time employees that have ten (10) or more years of experience maintaining traffic signal field equipment.
 - d. Bidder must have at least two (2) full time employees that have ten (10) or more years of experience maintaining interconnected controller/master controllers.

- e. Bidder must have at least two (2) full time employees that have ten (10) or more years of experience with maintaining hard-wire interconnect cables, fiber interconnect cable, and wireless interconnect systems.
 - f. Bidder must have at least two (2) full time Massachusetts Licensed Electricians employed with two (2) available for emergency repairs 24 hours a day.
 - g. Bidder must have at least two (2) full time employees that are IMSA signal Technicians Level II.
12. Arrangements must be made with the Town of Burlington Engineering Division prior to the opening of any traffic control cabinets so that dates, locations and companies seeking such opportunities can be recorded.
13. The Contractor is responsible for erecting suitable signs and barricades for traffic control in accordance with the latest revised edition of the Manual Uniform Traffic Control Devices (MUTCD) publication. This will be considered incidental to the Contract.
14. The Contractor shall maintain an adequate inventory of parts, supplies, controllers, mast arms, etc. and adequate skilled help so that no undue delay is caused in the repair, service and operation of traffic signals or units covered by this contract. Within two weeks of the award of the contract, and every month thereafter, at the Town's request, the Contractor shall provide the Town with an up-to-date current inventory listing the Contractor's stock of materials and parts suitable for use in repair of the traffic control signals/devices in the Town.
15. The Contractor's vehicles shall be clearly marked with the name of the company.
16. The Town reserves the right to assign an Inspector to the Contractor's operation at any time for the purpose of determining compliance with the specifications and maintaining records, including time records for service charges. Any work or materials found to be substandard or not in accordance with the provisions of the contract shall be repaired or replaced to the satisfaction of the Town at the sole expense of the Contractor.
17. The Contractor, unless directed and/or supplied by the Town, shall procure all materials required for the maintenance of the traffic control equipment and devices. The material shall be first quality, new, and meet all standards set by the Commonwealth of Massachusetts Highway Department, Institute of Transportation Engineers, International Municipal Signal Association, and the Manual of Uniform Traffic Control Devices Specifications. However, in the case of a traffic signal knockdown, all parts that are reusable shall be put back into the installation. These parts must not be faulty or damaged in any way that would cause malfunctions or improper performance. The Town shall have the right to reject any part of the work in the case of materials or workmanship that is not satisfactory quality. Replacement parts shall be the same make

and model of the part being replaced, unless prior approval by the Director of Public Works or his designee has been obtained.

18. All electrical work shall meet the electrical regulations contained in the latest edition of the National Electrical Code of Fire Underwriters and all Massachusetts codes.
19. All work shall be performed in a neat and workmanlike manner. All material or equipment replaced shall be held available for inspection until the Town has approved payment for the work performed unless otherwise directed in writing. The Contractor shall be responsible for removal and disposal of replaced materials. Any debris from a repair or maintenance call shall become property of the Contractor and shall be removed by him at the completion of the work or workday whichever comes first. The premises surrounding the traffic control device/signal must be left clean at all times.
20. The Contractor, for future use, shall hold surplus or damaged parts, materials and other equipment that are salvageable. The Contractor shall dispose of any damaged poles, broken concrete, excavation material or other refuse that cannot be repaired.
21. The Contractor is responsible for coordination and costs associated with traffic signal damage resulting from motor vehicle damage where accident reports are on file. The Contractor must coordinate with the motorist's insurance company and seek payment for repairs from that insurance company. For damages related to "hit and runs" or incidences that do not have accident reports, the repairs will be paid for by the Owner. The Contractor must complete the repair then seek insurance payments if necessary.
22. The Contractor must keep maintenance service history records for each individual intersection. The Contractor shall furnish the Town upon request, a copy of each service history records. Along with the following, all complaints responded to must be logged with the caller's full name. Consistent with the preventative, response and design modifications practices, the following basic records must be kept by the Contractor:
 - a. Master Intersection Record. A master ledger listing all service by date, type of maintenance performed and signature(s) of maintenance personnel performing the work.
 - b. Preventative Maintenance Record. A log for each preventative maintenance call with dates, tasks performed and signature(s) of the maintenance personnel performing the work.
 - c. Preventative Maintenance Problem Record. A record of problems or potential problems identified, corrective action taken and follow-up inspection, including dates and signature(s) or personnel performing work.
 - d. Response Repair Log-On Sheet. A log recording the date, locations, time, caller's full name, receiver and nature of complaint received; maintenance personnel and time dispatched; trouble found and time cleared.
 - e. Response Maintenance Repair Record. A complete record for each call; problem notification details, prevailing conditions, work performed, parts replaced or

repaired, time and condition upon departure and signatures of the responsible repair person and supervisor.

23. The Contractor must properly set and change settings on all time clocks for the correct time for each installation covered under this contract, and whenever power outages occur requiring the clocks to be reset.
24. The Contractor shall restore normal operation in the field within twenty-four (24) hours. In the event the Contractor is unable to restore automatic operation in the field, a substitute controller will be supplied at no additional cost to the Town until shop repairs to the existing controller can be made and service established. The existing controller shall be repaired and returned in the field in no more than five (5) days.
25. A complete record of the work performed and log-in sheet of the intersection shall be completed by the Contractor and housed in the control cabinet of each signalized intersection.
26. The Contractor shall be responsible for repairs and testing of all failed equipment.
27. The majority of Town-owned traffic signals use *Flir ThermiCam* and *Gridsmart* cameras for vehicle detection. All response personnel/vehicles must be equipped with computers containing appropriate software capable of troubleshooting camera detection issues in one site visit. Payment will not be made for multiple visits because of lack of proper equipped computers needed to troubleshoot.
28. The contractor shall provide a monthly invoice to the Engineering Division that itemizes all traffic light work and personnel for the routine and emergency basis work. These invoices must be sent electronically, in a Microsoft Excel or Access format, **no exceptions**. Itemization will be detailed as follows:

Field Name (Column Name)	Description	Data Type
Company_Name	business name	text
Inv_No	invoice #	number
Inv_Date	invoice date	date

GENERAL CONDITIONS

ARTICLE 1

CONTRACT DOCUMENTS

1.1 DEFINITIONS

1.1.1 THE CONTRACT DOCUMENTS

The Contract Documents consist of the Owner-Contractor Agreement, the Conditions of the Contract (General, and other Conditions), the Drawings, the Specifications, all Addenda issued prior to and all Change Orders issued after execution of the Contract, and all applicable laws, ordinances and regulations. The Contract Documents include Bidding Documents such as the Advertisement or Invitation to Bid, the Instructions to Bidders, sample forms, the Contractor's Bid or portions of Addenda relating to any of these, or any other documents, specifically enumerated in the Owner-Contractor Agreement.

1.1.2 THE CONTRACT

The Contract Documents form the Contract for Construction. This Contract represents the entire and integrated agreement between the parties hereto and supersedes all prior negotiations, representations, or agreements, either written or oral. The Contract may be amended or modified only by a written Change Order.

1.1.3 THE WORK

The Work comprises the completed construction required by the Contract Documents and includes all labor necessary to produce such construction, and all materials and equipment incorporated in such construction.

1.1.4 THE PROJECT

The project is the total construction of which the Work performed under the Contract Documents may be the whole or a part.

1.1.5 OR EQUAL

The use of the words "Or Equal" following the name of any manufacturer, vendor or proprietary product shall be understood to mean that articles or materials may be substituted which, in the opinion of the Owner, are equal in quality, durability, appearance, strength, design and performance to the articles or materials named or described and will perform adequately in providing a first-class facility.

When submitting shop drawing information on articles or materials which are being proposed as substitutes for specified items, the Contractor shall clearly identify them as such. If the articles or materials are accepted as equal to those on which dimensions on the drawings are based, any dimensional variance from those shown and/or specified shall be shown on the shop drawings prepared by the Contractor, illustrating the manner in which conformity to dimensions and design is to be obtained. All such drawings shall be subject to the approval of the Owner and the installation of the article shall not proceed without first obtaining said approval.

1.2 EXECUTION, CORRELATION AND INTENT

1.2.1

By executing the Contract, the Contractor represents that he has visited the site, familiarized himself with the local conditions under which the Work is to be performed, and correlated his observations with the requirements of the Contract Documents.

1.2.2

The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work. The Contract Documents are complementary, and what is required by any one shall be as binding as if required by all. Work not covered in the Contract Documents will not be required unless it is consistent therewith and is reasonably inferable there from as being necessary to produce the intended results. Words and abbreviations which have well-known technical or trade meanings are used in the Contract Documents in accordance with such recognized meanings.

1.2.3

The Notice to Proceed will come in the form of a written letter to the Contractor. Once the written Notice to Proceed has been received by the Contractor, that date will be the legal start date for work under the Contract.

In the event of a failure to issue a Notice to Proceed written document specifying the commencement date, the pre-construction meeting date will serve as the Notice to Proceed date.

1.3 OWNERSHIP AND USE OF DOCUMENTS

1.3.1

All Drawings, Specifications and copies thereof furnished by the Owner are and shall remain the Owner's property. They are to be used only with respect to this Project and are not to be used on any other project without prior written consent of the Owner. With the exception of one contract set for each party to the Contract, such documents are to be returned or suitably accounted for to the Owner at the completion of the Work. Submission or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of any reserved rights.

ARTICLE 2

ADMINISTRATION

2.1 ADMINISTRATION OF THE CONTRACT

2.1.1

The designated representative of the Owner or its Engineer will visit the site at intervals appropriate to the stage of construction to familiarize himself generally with the progress and quality of the Work and to determine in general if the Work is proceeding in accordance with the Contract Documents. However, the Owner's Representative or Engineer will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work.

2.1.2

The Owner shall at all times have access to the Work whenever it is in preparation and progress. The Contractor shall provide facilities for such access so the Owner may perform its functions under the Contract Documents.

2.1.3

The Owner shall make payments for completed work, as approved by the Owner, in accordance with M.G.L. Ch. 30, Sec. 39G. A five percent retainage will be deducted from periodic payments to the Contractor.

2.1.4

The Owner will render information necessary for the proper execution or progress of the Work within twenty (20) days of any request by the contractor or in accordance with any time limit agreed upon.

2.1.5

The Owner will have authority to reject Work which does not conform to the Contract Documents. Whenever, in his opinion, he considers it necessary or advisable for the implementation of the intent of the Contract Documents, he will have authority to require special inspection or testing of the Work whether or not such Work is then fabricated, installed or completed. Any such rejection of work shall not relieve the Contractor of the responsibility for maintaining protection of the Work and the Owner's property.

2.1.6

The Owner or its Engineer will review and approve or take other appropriate action upon Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for conformance with the design concept of the Work and with the information given in the Contract Documents. Such action shall be taken with reasonable promptness so as to cause no delay. The Owner's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

2.1.7

The Owner will conduct inspections to determine the date of Substantial Completion and Final Completion, will review written warranties and related documents required by the Contract and assembled by the Contractor, and will issue a final Certificate for Payment.

ARTICLE 3

OWNER

3.1 DEFINITION

3.1.1

The Owner is the person or entity identified as such in the Owner-Contractor Agreement and is referred to throughout the Contract Documents as if singular in number and masculine in gender. The term Owner means the Town of Burlington or its designated representative.

3.2 INFORMATION AND SERVICES REQUIRED OF THE OWNER

3.2.1

The Owner shall, at the time of execution of the Agreement and any subsequent Change Orders, certify for the Contractor that financial arrangements have been made to fulfill the Owner's obligations under the Contract.

3.2.2

The Owner shall furnish all documents describing the work.

3.2.3

Except as provided in Subparagraph 4.7.1. Owner shall secure and pay for necessary approvals, easements, assessments and charges required for the construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

3.2.4

Information or services under the Owner's control shall be furnished by the Owner with reasonable promptness to avoid delay in the orderly progress of the Work.

3.2.5

The Owner will furnish the Contractor with three (3) copies of all Drawings and Specifications and revisions issued during the progress of the Work; all additional copies will be furnished upon request at the cost of reproduction.

3.2.6

The Owner, through its designated agent or Engineer, shall forward all instructions directly to the Contractor.

3.3 OWNER'S RIGHT TO STOP THE WORK

3.3.1

If the Contractor fails to correct defective Work as required by the Owner or fails to carry out the Work in accordance with the Contract Documents or if the Owner shall for any other reason so require, the Owner, by a written order signed personally or by an agent

specifically so empowered by the Owner in writing, may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated or until further written notice from the Owner; however, this right of the Owner to stop the Work shall not give rise to any duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity. The Contractor shall resume the Work after such stoppage promptly upon written notice to do so from the Owner. If such stoppage is required through no fault of the Contractor, the Contract Time (and the dates for achieving Substantial Completion and Final Completion) shall be extended by a period equal to the period of the stoppage, and the Contractor shall be compensated for its reasonable and justifiable cost incurred as a result of such stoppage.

3.4 OWNER'S RIGHT TO CARRY OUT THE WORK

3.4.1

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within seven days after receipt of written notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to any other remedy he may have, perform such work or cause such work to be performed and/or make good such deficiencies. In such case an appropriate Change Order shall be issued deducting from the payments then or thereafter due the Contractor the cost of correcting such deficiencies, including compensation for additional services made necessary by such default, neglect or failure. If the payments then or thereafter due the Contractor are not sufficient to cover the amount, the Contractor shall pay the difference to the Owner.

3.5 OWNER'S RIGHT TO TERMINATE CONTRACT

3.5.1

The Town reserves the right to terminate this Contract at their discretion with thirty (30) days written notice to the contractor. In the event of Contract termination, all finished or unfinished work, or un-used material, already paid for under Contract prices, shall become the property of the Town of Burlington.

ARTICLE 4

CONTRACTOR

4.1 DEFINITION

4.1.1

The Contractor is the person or entity identified as such in the Owner-Contractor Agreement and is referred to throughout the Contract Documents as if singular in number and masculine in gender. The term Contractor means the Contractor or his authorized representative.

4.2 REVIEW OF CONTRACT DOCUMENTS

4.2.1

The Contractor shall carefully study and compare the Contract Documents and shall at once report to the Owner any error, inconsistency or omission he may discover. The Contractor shall not be liable to the Owner for any damage resulting from errors, inconsistencies or omissions in the Contract Documents which he discovers but shall be liable for damage to the extent he reasonably should have but failed to discover such errors, inconsistencies or omissions. The Contractor shall perform no portion of the Work at any time without Contract Documents or, where required, approved Shop Drawings, Product Data or Samples for such portion of the Work.

4.3 SUPERVISION AND CONSTRUCTION PROCEDURES

4.3.1

The Contractor shall supervise and direct the Work, using his best skill and attention which shall not be less than such state of skill and attention generally rendered by the contracting profession for projects similar to the Project in scope, difficulty and location. The Contractor shall maintain adequate supervisory personnel at the Site during the performance of the Work. He shall be solely responsible for all construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Contract.

4.3.2

The Contractor shall be responsible to the Owner for the acts and omissions of his employees, Subcontractors and their agents and employees, and other persons performing any of the Work under a contract with the Contractor. This obligation shall also extend to the presence on the Site of suppliers of materials or equipment, their employees, contractors, and agents engaged in the work.

4.3.3

The Contractor shall not be relieved from his obligations to perform the Work in accordance with the Contract Documents either by the activities or duties of the Owner in its administration of the Contract.

4.4 LABOR AND MATERIALS

4.4.1

Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for all labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and service necessary for the proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

4.4.2

The Contractor shall at all times enforce strict discipline and good order among his employees and shall not employ on the Work any unfit person or anyone not skilled in the task assigned to him including all persons on the Site controlled directly or indirectly by the Contractor.

4.5 WARRANTY

4.5.1

The Contractor warrants to the Owner that all materials and equipment furnished under this Contract will be new and of recent manufacture unless otherwise permitted in writing by the Owner and that all Work will be of good quality, free from faults and defects and in conformance with the Contract Documents. All Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective and, promptly after written notification of non-conformance, shall be repaired or replaced by the Contractor with Work conforming to such requirements. If required by the Owner, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

4.6 TAXES

4.6.1

The Contractor shall pay all applicable sales, consumer, use and other similar taxes for the Work or portion thereof provided by the Contractor which are legally enacted at the time bids are received, whether or not yet effective.

4.7 PERMITS, FEES AND NOTICES

4.7.1

Unless otherwise expressly provided in the SPECIAL CONDITIONS, the Contractor shall secure and pay for all permits and fees, licenses and inspections necessary for the proper execution and completion of the Work which are customarily secured after execution of the Contract and which are legally required at the time the bids are received, and the same shall at all times be the property of the Owner and shall be delivered to the Owner upon completion of the Project.

4.7.2

The Contractor shall give all notices and comply with all federal, state and local laws, ordinances, rules, regulations and lawful orders of any public authority bearing on the performance of the Work. The Contractor shall provide the Owner with reproductions of all permits, licenses and receipts for any fees paid. The Owner represents that it has disclosed to the Contractor all orders and requirements known to the Owner of any public authority particular to this Contract.

4.7.3

If the Contractor observes that any of the Contract Documents are at variance with applicable laws, statutes, codes and regulations in any respect, he shall promptly notify the Owner in writing, and any necessary changes shall be accomplished by appropriate Modification.

4.7.4

If the Contractor performs any Work which he knows or should know is contrary to such laws, ordinances, rules and regulations, and without such notice to the Owner, he shall assume full responsibility therefore and shall bear all costs attributable thereto.

4.8 SUPERINTENDENT

4.8.1

The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site at all times during the progress of the Work. The superintendent shall represent the Contractor and all communications given to the superintendent shall be as binding as if given to the Contractor. Important communications shall be confirmed in writing. Other communications shall be so confirmed on written request in each case.

4.9 PROGRESS SCHEDULE

4.9.1

The Contractor, immediately after being awarded the Contract, shall prepare and submit for the Owner's information an estimated progress schedule for the Work. The progress schedule shall be related to the entire Project to the extent required by the Contract Documents, and shall provide for expeditious and practicable execution of the Work. No work shall start without the Project schedule. The Contractor shall submit the project schedule five days prior to start the work.

4.10 DOCUMENTS AND SAMPLES AT THE SITE

4.10.1

The Contractor shall maintain at the site for the Owner one record copy of all Drawings, Specifications, Addenda, Change Orders and other Modifications, and "As-Built"

Drawings and Specifications in good order and marked currently to record all changes made during construction, and approved Shop Drawings, Product Data and Samples. These shall be available to the Owner upon completion of the Work.

4.11 SHOP DRAWINGS, PRODUCT DATA AND SAMPLES

4.11.1

Shop Drawings are drawings, diagrams, schedules and other data specially prepared for the Work by the Contractor or any Subcontractor, manufacturer, supplier or distributor to illustrate some portion of the Work.

4.11.2

Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the Contractor to illustrate a material, product or system for some portion of the Work.

4.11.3

Samples are physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

4.11.4

The Contractor shall review, approve and submit, with reasonable promptness and in such sequence as to cause no delay in the Work or in the work of the Owner or any separate contractor, all Shop Drawings, Product Data and Samples required by the Contract Documents.

4.11.5

By approving and submitting Shop Drawings, Product Data and Samples, the Contractor represents that he has determined and verified all material, field measurements, and field construction criteria related thereto, or will do so, and that he has checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

4.11.6

The Contractor shall not be relieved of responsibility for any deviation from the requirements or the Contract Documents by the Owner's approval of Shop Drawings, Product Data or Samples or the Engineer's approval of the same unless the Contractor has specifically informed the Owner or Engineer in writing of such deviation at the time of submission and the Owner or Engineer has given written approval to the specific deviation. The Contractor shall not be relieved from responsibility from errors or omissions in the Shop Drawings, Product Data or Samples by the Owner's approval thereof.

4.11.7

The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data or Samples, to revisions other than those requested by the Owner or its Engineer on previous submittals.

4.11.8

No portion of the Work requiring submission of a Shop Drawing, Product Data or Sample shall be commenced until the submittal has been approved by the Owner or Engineer. All such portions of the Work shall be in accordance with approved submittals.

4.12 USE OF SITE

4.12.1

The Contractor shall confine operations at the site to areas permitted by law, ordinances, permits and the Contract Documents and shall not unreasonably encumber the site with any materials or equipment.

4.13 CUTTING AND PATCHING OF WORK

4.13.1

The Contractor shall be responsible for all cutting, fitting or patching that may be required to complete the Work or to make its several parts fit together properly.

4.13.2

The Contractor shall not damage or endanger any portion of the Work or the work of the Owner or any separate contractors by cutting, patching or otherwise altering any work or by excavation. The Contractor shall not cut or otherwise alter the work of the Owner or any separate contractor except with the written consent of the Owner and of such separate contractor. The Contractor shall not unreasonably withhold from the Owner or any separate contractor his consent to cutting or otherwise altering the Work.

4.14 CLEANING UP

4.14.1

The Contractor at all times shall keep the premises free from accumulation of waste materials or rubbish caused by his operations. At the completion of the Work he shall remove all his waste materials and rubbish from and about the Project in full compliance with all applicable laws and regulations as well as all his tools, construction equipment, machinery and surplus materials and the Project shall be thoroughly cleaned and ready for immediate occupancy by the Owner.

4.14.2

If the Contractor fails to clean up at the completion of the Work, the Owner may do so as provided in Paragraph 3.4 and the cost thereof shall be charged to the Contractor.

4.15 COMMUNICATIONS

4.15.1

The Contractor shall forward all communications to the Owner's designated representative.

4.16.2

The Contractor shall at all times have a designated representative in the field that is authorized to act on behalf and make decisions for the Contractor under this contract agreement.

4.16 ROYALTIES AND PATENTS

4.16.1

The Contractor shall pay all royalties and license fees. He shall defend all suits or claims for infringement of any patent rights and shall save the Owner harmless from loss on account thereof, except that the Owner shall be responsible for all such loss when a particular design, process or the product of a particular manufacturer or manufacturers is specified, but if the Contractor believes or has reason to believe that the design, process or product specified is an infringement of a patent, he shall be responsible for such loss unless he promptly gives such information to the Owner, and thereafter the Owner insists on the use of the design, process or products specified.

4.17 INDEMNIFICATION

4.17.1

To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner, the Engineer and their agents and employees from and against all claims, damages, losses and expenses, including but not limited to attorney's fees, arising out of or resulting from the performance of the Work, provided that any such claim, damage, loss or expense (1) is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself) including the loss of use resulting there from, and (2) is caused in whole or in part by any negligent act or omission of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified there under. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or of indemnity which would otherwise exist as to any party or person described in this Paragraph 4.17.

4.17.2

In any and all claims against the Owner the Engineer or any of their agents or employees by any employee of the Contractor, any Subcontractor anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this Paragraph 4.17 shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for the Contractor or any Subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

4.17.3

The obligations of the Contractor under this paragraph 4.17 shall not extend to the liability of the Owner, the Engineer, their agents or employees, arising out of (1) the preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs or specifications, or (2) written directions or instructions given by the Owner, the Engineer, their agents or employees, provided they are the sole cause of the injury or damage.

ARTICLE 5

INSURANCE

Contractor shall provide insurance as specified below:

GENERAL LIABILITY

Includes:

- Comprehensive form
- Premises/Operations
- Underground Explosion & Collapse Hazard
- Products / Completed Operations
- Independent Contractors
- Broad From Property Damage
- Personal Injury

Each Occurrence	\$1,000,000
Aggregate	\$2,000,000

AUTOMOBILE LIABILITY

Includes:

- All Owned Vehicles
- Hired Vehicles
- Non-owned Vehicles

Bodily Injury & Property Damage Combined	\$1,000,000
--	-------------

WORKERS COMPENSATION & EMPLOYERS LIABILITY

- As Required by State of Massachusetts

Each Accident	\$100,000
Bodily Injury by Disease (Policy Limit)	\$500,000
Bodily Injury by Disease (Each Employee)	\$100,000

ADDITIONAL INSURANCE / REQUIREMENTS

- The Town of Burlington Shall be named as Additional Insured

ARTICLE 6

LIQUIDATED DAMAGES

6.1 LIQUIDATED DAMAGES

If the Contractor shall neglect, fail or refuse to complete the work within the time herein specified, or any proper extension thereof granted by the Owner, then the Contractor does hereby agree, as a part consideration for the awarding of this Contract, to pay to Owner the amount of \$1,000 per day, not as a penalty but as liquidated damages for such breach of Contract as hereinafter set forth, for each and every calendar day that the Contract shall be in default after the time stipulated in the Contract for completing the work.

APPENDIX A PREVAILING WAGE RATES

NOTE: Wage rates are available on the Town of Burlington website at <http://www.burlington.org> under the “Business” drop-down menu.
